PRELIMINARY RECITALS

Pursuant to a petition filed February 23, 2016, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03(1), to review a decision by the Kenosha County Human Service Department in regard to Medical Assistance (MA), a hearing was held on April 14, 2016, at Kenosha, Wisconsin.

The issue for determination is whether the petitioner’s February 2016 appeal of an October 2015 MA overpayment notice is timely.

FINDINGS OF FACT

1. The petitioner (CARES #) is a resident of Kenosha County.
2. On October 15, 2015 the agency sent the petitioner a notice of medical overpayment stating that the petitioner was overpaid \$403.06 in medical benefits for the period from September 1, 2014 to January 31, 2015. The notice specifically stated that the petitioner had the right to request a fair

hearing, and that the request must be made to the Division of Hearings and Appeals by November 30, 2015.

3. When the petitioner started receiving MA/BadgerCare (BC) Plus benefits the agency sent her notice that stated she had to report by the 10th day of the following month in which the monthly household gross income increased above \$2,572.71.
4. In June 2014 the petitioner started a new job. The overpayment was due to client error because the petitioner failed to report a new job. With the new job the household gross income in July 2014 was \$4,227. The petitioner had until August 10th to report this increase. She never reported this increase in income and continued to receive BC Plus benefits causing an overpayment from September 1, 2014 through January 31, 2015.
5. On February 23, 2016 the Division of Hearings and Appeals received the petitioner’s Request for Fair Hearing.

DISCUSSION

DHA can only hear cases on the merits if there is jurisdiction to do so. There is no jurisdiction if an appeal is untimely. An appeal concerning MA is untimely if it is not received by DHA within 45 days of the date of the action being appealed. See, 42 C.F.R. § 431.221(d); Wis. Stat. § 49.45(5); Wis. Admin. Code § DHS 104.01(5)(a)3; Wis. Admin. Code § HA 3.05(3). A Hearing request that is not received within the 45-day time period must be dismissed for lack of jurisdiction. Wis. Admin. Code § HA 3.05(4)(e).

In this case the notice of overpayment was sent to the petitioner on October 15, 2015. The Division of Hearings and Appeals did not receive her Request for Fair Hearing until February 23, 2016. This is well beyond the 45 day time limit to appeal. Thus, I must dismiss the petitioner’s appeal for lack of jurisdiction.

Even if I had jurisdiction, I would find that the overpayment was correct. The petitioner was sent a notice stating that she had to report when her income increased above \$2,572.71. Her income increased above that level, and she failed to report the increase causing this overpayment. At the hearing the petitioner argued that she had new insurance with her job. She believed that BC Plus would terminate with her new insurance, and she did not realize that she had to report any information to the agency. This is contrary to the notice that the agency sent the petitioner.

As a point of information to the petitioner, BC Plus continued to cover as a secondary insurance through this overpayment period. If she has medical bills, those bills can be resubmitted to forward health for coverage.

CONCLUSIONS OF LAW

The petitioner’s February 2016 appeal of an October 2015 MA overpayment notice is not timely.

THEREFORE, it is **ORDERED**

That the petition is dismissed.
