In the Matter of

[REDACTED]

DECISION

MDD/144780

PRELIMINARY RECITALS

Pursuant to a petition filed June 27, 2012, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03(1), to review a decision by the Milwaukee Enrollment Services in regard to Medical Assistance, a telephone hearing was held on November 20, 2012.

The issue for determination is whether petitioner is disabled for MA purposes.

There appeared at that time and place the following persons:

PARTIES IN INTEREST:

Petitioner:

[REDACTED]

Respondent:

Department of Health Services
1 West Wilson Street
Madison, Wisconsin 53703
By: No Appearance

ADMINISTRATIVE LAW JUDGE:

Peter McCombs
Division of Hearings and Appeals

FINDINGS OF FACT

1. Petitioner is a resident of Milwaukee County.
2. Petitioner applied for MA on or about June 27, 2012. Following an initial denial and subsequent request for reconsideration, respondent confirmed its earlier determination that found that petitioner was not disabled, on or about October 25, 2012.
3. Prior to or concurrently with the MA application, petitioner also applied for Social Security disability benefits. That application was denied on November 30, 2011, with findings of no disability.

4. The petitioner reports suffering a stroke in early November, 2012, which has resulted in a loss of sensation on his left side.

DISCUSSION

A person between the ages of 18 and 65, with no minor children, must be blind or disabled to be eligible for MA. A finding of disability must be in accordance with federal social security/SSI standards. See Wis. Stat. § 49.47(4)(a)4. Because the standards are the same, a finding of no disability for Social Security/SSI purposes made within 12 months of the MA application is binding on a State Medicaid (MA) agency. Exceptions may occur only if certain conditions exist such as allegations of a different disabling condition or changes in the previously considered conditions. See 42 C.F.R. § 435.541(a); see also U.S. Department of Health and Human Services commentary, 54 Fed. Reg. 236 (1989).

Petitioner has indicated that a recent stroke has not caused any paralysis, though he has lost sensation on his left side. I note that the record does not contain any records in this regard. Petitioner reports that he is under written orders regarding lifting, walking, and sitting, he thinks. Again, there is nothing to substantiate this claim. I found petitioner's testimony to be inconsistent, and less than credible. Based upon the record before me, I cannot conclude that petitioner's recent stroke constitutes a different disabling condition or substantive changes in the previously considered conditions.

Because petitioner has been denied Social Security disability benefits following a finding of no disability, I must conclude that petitioner is not eligible for MA. If his appeal of the Social Security denial is successful, the respondent will abide by that determination.

CONCLUSIONS OF LAW

Petitioner is not disabled as that term is used for MA purposes pursuant to Wis. Stat. § 49.47(4).

THEREFORE, it is

ORDERED

That the petition for review is dismissed.
