

STATE OF WISCONSIN
Division of Hearings and Appeals

In the Matter of

DECISION

MDD/145289

PRELIMINARY RECITALS

Pursuant to a petition filed September 05, 2012, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03(1), to review a decision by the Racine County Department of Human Services in regard to Medical Assistance, a hearing was held on December 18, 2012, at Racine, Wisconsin. The record was left open to see if new medical information could be generated. The Division of Hearings and Appeals is unaware of any at this time.

The issue for determination is whether the Division of Hearings and Appeals has authority to make a determination the merits of Petitioner's Medicaid disability based application where there is a Social Security Administration denial of disability within 12 months of the Medicaid application.

There appeared at that time and place the following persons:

PARTIES IN INTEREST:

Petitioner:

Respondent:

Department of Health Services
1 West Wilson Street
Madison, Wisconsin 53703

By: No Appearance, submission of medical records

ADMINISTRATIVE LAW JUDGE:

David D. Fleming
Division of Hearings and Appeals

FINDINGS OF FACT

1. Petitioner is a resident of Racine County.
2. Petitioner applied for Medicaid alleging disability on or about June 1, 2012. The application was forwarded to the Disability Determination Bureau (DDB). The DDB found that Petitioner was not

disabled as the Medicaid program uses that term. The DDB so notified the Petitioner via letter dated August 17, 2012.

3. Petitioner sought reconsideration, but the DDB affirmed its original determination.
4. The Petitioner has applied for Social Security benefits. He was denied those benefits on or about August 15, 2012 and again on November 1, 2012. The medical conditions noted in the Medicaid and the Social Security applications are the same.
5. At the hearing Petitioner noted additional medical issues involving sleep and rectal bleeding. There is no medical information regarding these as Petitioner had not had any medical care concerning these issues.

DISCUSSION

A person between ages 18 and 65, with no minor children, must be blind or disabled to be eligible for MA. A finding of disability must be in accordance with Federal Social Security/SSI standards. *See Wis. Stats. §49.47(4)(a)4.* Because the standards are the same, a finding of no disability for Social Security/SSI purposes made within 12 months of the MA application is binding on a State Medicaid (MA) agency. Exceptions may occur only if certain conditions exist. Specifically, the Division of Hearings and Appeals has no authority to find a Petitioner disabled unless he or she:

- (i) Allege[s] a disabling condition different from, or in addition to, that considered by SSA in making its determination; or
- (ii) [The MA application is more than 12 months after the most recent SSA determination]; or
- (iii) Alleges less than twelve months after the most recent SSA determination denying disability that his or her condition has changed or deteriorated since that SSA determination, alleges a new period of disability which meets the original durational requirements of the Act, and
 - (A) Has applied to SSA for reconsideration or reopening of its disability decision and SSA refused to consider the new allegations.

42 CFR 435.541(c)(4)(emphasis added).

Here Petitioner has applied for Social Security Administration (SSA) benefits and has been denied those benefits. Petitioner's Medicaid application is within 12 months of the most recent SSA denial. At the hearing for this case Petitioner did indicate that he, potentially, has new medical conditions but there is no are no medical records regarding these. I suggest that Petitioner note the rehearing instructions below if any new medical information is available. I also note that Petitioner may contact the local social service agency and ask if Petitioner might be eligible for presumptive disability.

Given the Code of Federal Regulations provision cited above and the lack of any medical information, the Division of Hearings and Appeals does not have the authority to make a finding as to the Petitioner's disability; rather it is bound by the Social Security determination. Petitioner should also contact the law firm representing him in Social Security case regarding the potential new medical issues.

CONCLUSIONS OF LAW

That the Division of Hearings and Appeals does not have the authority to make a determination the merits of Petitioner's Medicaid disability based application where there is a Social Security Administration denial of disability within 12 months of the Medicaid application.

THEREFORE, it is

ORDERED

That this appeal is dismissed.
