DECISION

KIN/150828

---

**PRELIMINARY RECITALS**

Pursuant to a petition filed July 23, 2013, under Wis. Stat. § 48.57(3m)(f), and Wis. Admin. Code § DCF 58.08(2)(b), to review a decision by the Perez-Pena Limited in regard to Kinship Care, a hearing was held on August 15, 2013, at Milwaukee, Wisconsin.

The issue for determination is whether the agency was correct in denying petitioner's application for Kinship Care benefits.

There appeared at that time and place the following persons:

**PARTIES IN INTEREST:**

**FINDINGS OF FACT**

1. Petitioner is a resident of Milwaukee County.
2. Petitioner is the maternal grandmother of M.N. She started caring for the child approximately 7 months prior to her application for Kinship.

3. The mother of the child is [REDACTED]. The father is [REDACTED].
4. Petitioner applied for Kinship on June 4, 2013.
5. On June 20, 2013 the Kinship Assessor interviewed the child's father on the phone.
6. On July 12, 2013 the Kinship agency issued notice to the petitioner informing her that her application for Kinship Care benefits had been denied because the child there was no need for the placement with her and the child did not meet the criteria of a child in need of protection or services.
7. At the time of application, the child did not meet the criteria of a child in need of protection or services.

### DISCUSSION

The Kinship Care benefit is a public assistance payment of \$220 per month per child paid to a qualified relative who bears no legal responsibility to support the child. In Wisconsin, this benefit replaces the former Non-Legally Responsible Relative (NLR) Aid to Families with Dependent Children (AFDC) payment (see, Wis. Stat. §49.19). To be eligible for the payments thereunder, the relative must meet all of the conditions set forth in Wis. Stat. §§48.57(3m)(am)(1-5) or 48.57(3n)(am)(1-6). See also, Wis. Admin. Code ch. DCF 58.

In the situation of a new application, the burden of proof lies with the applicant to demonstrate that she met these conditions, but that the agency wrongly denied her.

For Kinship Care cases in which the relative is not a guardian appointed under Wis. Stat. §48.977, the conditions listed in Wis. Stat. §48.57(3m)(am) must be met. The pertinent "conditions specified in par. (am)" here are as follows:

1. The kinship care relative applies to the county department or department for payments under this subsection and the county department or department *determines that there is a need for the child to be placed with the kinship care relative* and that the placement with the kinship care relative is in the best interest of the child.
2. The county department or department determines that the child meets one or more of the criteria specified in s.48.13 or 938.13 or that the child would be at risk of meeting one or more of those criteria if the child were to remain in his or her home.

*Id.*, (3m)(am)1, 2, italics added.

In Decision No. KIN-40/51985, dated May 22, 2002, the Department's deputy secretary concluded that even if there was an apparent need for the placement, there still must be evidence that there is a risk to the child cited in Wis. Stat. §48.13 if the child were to live with a parent. Essentially that decision ties together the first two conditions cited in Wis. Stat. §48.57(3m)(am), that there be a need for the placement **and** that the child be at risk of harm that could lead to a CHIPS case.

The §48.13 criteria are that the child needs protection because she has no parent or her parents have abandoned her, she has been a victim of abuse or is at risk of abuse, or the parents refuse to or are unable to provide necessary care, food, clothing, or shelter for reasons other than poverty.

The decision to deny the application was based on the fact that during the interview with the child's father, the agency determined that the father was capable of caring for his child and that there are no risk

factors present to put the child at risk should he live with his father. In other words, the parent, the father, does not refuse to and is not unable to provide the necessary care, food, clothing, or shelter for his child. Indeed, the father appeared at the instant hearing and directly testified to the fact that he is willing and able to care for this child. The petitioner could only allege that the father has drug problems and that the child has come home from a visit with the father infected with ringworm.

The application process and subsequent decision is made at "a snapshot in time". In other words, I must look at when the agency made its decision, and was the decision made correctly at that time. Based on the information at the time, it does not meet the requirements for payment under the Kinship Care program. Additionally, with the direct testimony at hearing, the agency's determination is confirmed that the child can live with his father.

### **CONCLUSIONS OF LAW**

The agency was correct in denying petitioner's application for Kinship Care benefits.

**THEREFORE, it is**

**ORDERED**

The petition for review herein be dismissed.
