PRELIMINARY RECITALS

Pursuant to a petition filed August 7, 2013, under Wis. Stat., §49.45(5), to review a decision by the Disability Determination Bureau (DDB) to deny disability for Medical Assistance (MA) purposes, a hearing was held on October 2, 2013, by telephone.

The issue for determination is whether petitioner is disabled.

Respondent:

FINDINGS OF FACT

1. Petitioner is a 33-year-old resident of Milwaukee County.
2. Petitioner applied for MA on March 11, 2013. By a letter dated July 23, 2013, the DDB concluded that petitioner was not disabled. Petitioner sought reconsideration, but the DDB affirmed its decision on September 10, 2103.
3. Petitioner has spina bifida. He has to use a catheter for urination but does the catheterization on his own. He also has uncontrollable bowel but also handles that impairment on his own.
4. Petitioner is a high school graduate. He works part-time at a fast food restaurant.

DISCUSSION

To be eligible for MA, an adult male under age 65 must be disabled, blind, or the caretaker of minor children. Wis. Stat., §§49.46(1) and 49.47(4). To qualify as disabled, a person must meet the definition of that term as it is used for SSI purposes. Wis. Stat., §49.47(4)(a)4.

The applicable SSI disability standards are found in the Code of Federal Regulations, Title 20, Part 416, Subpart I, and by reference Appendices 1 and 2, Subpart P, Part 404. Specifically, to be disabled means to be unable to engage in any substantial gainful activity because of a medically determinable physical or mental condition which will, or has, lasted at least twelve months. To determine if this definition is met, the applicant's current employment status, the severity of his medical condition, and his ability to return to vocationally relevant past work or to adapt to new forms of employment are evaluated in that sequence. 20 C.F.R. §§416.905 and 416.920.

The SSI regulations require a five-step process. First, if the person is working at a job that is considered to be substantial gainful employment, he is found to be not disabled without further review. If he is not working, the DDB must determine if he has a "severe impairment." A severe impairment is one that limits a person's ability to do basic work activities. 20 C.F.R. §416.921. The DDB found that petitioner does not have a severe impairment because his spinal bifida does not prevent him from doing work activities. I must agree with that finding.

Although petitioner had a medical impairment it does not prevent him from functioning. He does all of his own activities of daily living without assistance and works with no apparent limitation.

After November 18, 2013, petitioner may wish to consider re-applying for Wisconsin Medicaid for January onward online at either <https://access.wisconsin.gov> or www.healthcare.gov. From January 1, 2014 forward, a person with income below \$11,170 will not have to prove that he is disabled to qualify for Wisconsin Medicaid.

CONCLUSIONS OF LAW

Petitioner is not disabled as required for MA eligibility at this time.

THEREFORE, it is

ORDERED

That the petition for review herein be and the same is hereby dismissed.
