PRELIMINARY RECITALS

Pursuant to a petition filed October 09, 2013, under Wis. Admin. Code § HA 3.03(1), to review a decision by the Milwaukee Enrollment Services in regard to FoodShare benefits (FS), a hearing was held on January 8, 2014, at Milwaukee, Wisconsin.

The issue for determination is whether the Department correctly reduced the petitioner’s FS allotment effective November 1, 2013.

There appeared at that time and place the following persons:

FINDINGS OF FACT

1. Petitioner (CARES # [REDACTED]) is a resident of Milwaukee County.
2. The petitioner has an ongoing FS case as a household of one person. His October 2013 FS monthly allotment was \$200.

3. On October 7, 2013, the Department issued written notice to the petitioner advising that his FS allotment would be reduced to \$189, effective November 1, 2013. The petitioner timely appealed, and aid has been continued pending appeal.
4. The Department's sole basis for benefit reduction was imposition of a reduced benefit level due to a mandatory change ordered by the Secretary of the federal Department of Agriculture. The petitioner's income and allowable FS income deductions for November are unchanged from those used in the October benefit calculation.

DISCUSSION

The federal American Recovery and Reinvestment Act of 2009 (P.L. 111-5, section 101) included an appropriation for an across-the-board increase in FoodShare allotments of 13.6% as an economic stimulus measure. The appropriation increase was limited as to time and a rule formulation involving the "thrifty food plan." The federal FS statute, at 7 U.S.C. § 2027, states that the Secretary of the Department of Agriculture shall limit allotments so that they "are not in excess of the appropriation for ...[the fiscal year]." When the Secretary determines that the participants' allotments will exceed the appropriation, the Secretary must direct the states to reduce allotments to align with the appropriation. *See, in accord*, federal code at 7 C.F.R. § 273.10(e)(4). The Secretary has made that determination, and has announced that the 13.6% increase must expire effective October 31, 2013. That declaration is reflected in a U.S. Department of Agriculture memo, "SNAP – Fiscal Year 2014 Cost-of-Living Adjustments and ARRA Sunset Impact on Allotments," issued August 1, 2013, available online at http://www.fns.usda.gov/snap/rules/Memo/2013/FY_2014_COLA_memo.pdf. *See, in accord*, state policy at *BEPS/DFS Operations Memo*, #13-27, September 9, 2013.

The petitioner does not contest that the state agency has correctly calculated his gross income for November. Rather, he explained that the reduced allotment is inadequate to meet his needs. However, the Secretary's action is controlling, and there is no legal authority for deviating from Secretary's decision setting the new allotment maximums.

CONCLUSIONS OF LAW

1. The state agency correctly reduced the maximum FS allotments per household size, per a directive from the Secretary of the federal Department of Agriculture, effective November 1, 2013.
2. The state agency correctly determined the petitioner's FS allotment for November 2013.

THEREFORE, it is

ORDERED

That the petition is dismissed.
