**PRELIMINARY RECITALS**

Pursuant to a petition filed October 15, 2013, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03(1), to review a decision by the Disability Determination Bureau ["DDB"] in regard to Medical Assistance ["MA"], a Hearing was held via telephone on February 06, 2014.

The issue for determination is whether petitioner is disabled for purposes of MA.

There appeared at that time via telephone the following persons:

**FINDINGS OF FACT**

1. Petitioner (58 years old) is a resident of Brown County.
2. On April 17, 2013 petitioner applied for MA on the basis of disability. By a letter dated September 17, 2013 DDB found that petitioner was not disabled. On October 15, 2013 petitioner filed a *Medicaid -- Adult Reconsideration Request*, but the DDB affirmed its determination of not disabled.

3. Petitioner applied for Social Security Disability Insurance ["SSDI"; a.k.a. Title 2] with the Social Security Administration ["SSA"]. On September 4, 2013 SSA determined that petitioner was not disabled and denied her application for SSDI. Petitioner requested reconsideration from the SSA. SSA reconsidered and on December 12, 2013 again determined that petitioner was not disabled and again denied her application for SSDI.
4. Petitioner does not allege that the SSA has refused to consider an alleged change or deterioration in her condition; she does not allege that she no longer meets the nondisability requirements for SSI.

### **DISCUSSION**

A person may be eligible for MA if they are blind or disabled. A finding of disability must be in accordance with federal social security (SSI/SSDI) standards. See, Wis. Stat. § 49.47(4)(a)4. (2011-12). Because the standards are the same, a finding of no disability for Social Security (SSI/SSDI) purposes is binding on a State Medicaid ["MA"] agency. 42 C.F.R. § 435.541(b)(1) (2011). Exceptions may occur only if certain conditions exist such as: allegations of a disabling condition different from or in addition to that considered by SSA; or, allegations that the person's condition has changed or deteriorated since the SSA determination. If the person alleges that his or her previously considered condition has changed or deteriorated it must be the case that SSA has refused to consider the new allegations or it must be more than 12 months after the most recent SSA determination and the person has not applied to SSA for a determination with respect to those allegations. None of the exceptions apply here. See, 42 C.F.R. § 435.541(c)(4) (2011); see also, U.S. Department of Health and Human Services commentary, 54 Fed. Reg. 236 (1989).

Petitioner has been denied SSDI following a finding of no disability by the SSA and none of the exceptions apply. Therefore, it must be concluded that petitioner is not disabled for purposes of MA. If petitioner has new information or evidence affecting previous SSA determinations she should contact the SSA and supply the SSA with that information. See, 42 C.F.R. § 435.541(b)(2) (2011).

### **CONCLUSIONS OF LAW**

For the reasons discussed above, petitioner is not disabled as that term is used for MA purposes pursuant to Wis. Stat. § 49.47(4)(a)4. (2011-12).

**NOW, THEREFORE, it is**

### **ORDERED**

That the petition for review herein be and the same is hereby DISMISSED.
