Pursuant to a petition filed March 10, 2014, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03, to review a decision by the Disability Determination Bureau in regard to Medical Assistance, a hearing was held on July 14, 2014, at Barron, Wisconsin.

The issue for determination is whether petitioner is disabled.

**ADMINISTRATIVE LAW JUDGE:**

Michael D. O'Brien  
Division of Hearings and Appeals

**FINDINGS OF FACT**

1. Petitioner is a resident of Barron County.
2. The petitioner works 20 hours per week and earns \$8 per hour.

3. Petitioner applied for MA on October 29, 2013. By letter dated April 24, 2014, the Bureau found that petitioner was not disabled. Petitioner sought reconsideration, but the Bureau affirmed its determination on June 10, 2014.
4. Prior to or concurrently with the MA application, petitioner also applied for Social Security disability benefits and Supplemental Security Income (SSI). Those benefits were denied on April 17, 2014, with findings of no disability.
5. The petitioner does not allege any new medical impairment, nor any worsening of the impairments considered in the Social Security decision

**DISCUSSION**

The petitioner applied for medical assistance under the Medicaid Purchase Plan, which allows a working person to receive medical assistance. The petitioner works, but only 20 hours a week at \$8 per hour. To be considered engaged in substantial gainful employment a person generally must make at least the following income:

- (ii) *Beginning January 1, 2001*, and each year thereafter, they average more than the larger of:
  - (A) The amount for the previous year, or
  - (B) An amount adjusted for national wage growth, calculated by multiplying \$700 by the ratio of the national average wage index for the year 2 calendar years before the year for which the amount is being calculated to the national average wage index for the year 1998.

20 CFR §416.974 (b)(2).

Using this formula and rounding to the nearest \$10, the Social Security Administration set the 2014 wage limit at \$1070 per month. <http://www.socialsecurity.gov/oact/cola/sga.html> The petitioner earns \$160 per week. Multiplying this by 4.3, the number of weeks in an average month (52 weeks in a year divided by 12 months is 4.3), puts her monthly income at \$688 per month. This means that she is not engaged in substantial gainful activity. When the Disability Determination Bureau reviewed her matter, it did not consider his employment when determining that she was not disabled. Therefore, her eligibility will be reviewed in the same way as it is for any other person seeking medical assistance as a disabled person.

A finding of disability for medical assistance must be in accordance with federal social security/SSI standards. See Wis. Stat. § 49.47(4)(a)4. Because the standards are the same, a finding of no disability for Social Security/SSI purposes made within 12 months of the MA application is binding on a State Medicaid (MA) agency. Exceptions may occur only if certain conditions exist such as allegations of a different disabling condition or changes in the previously considered conditions. None of the exceptions apply here. See 42 C.F.R. § 435.541(a); see also U.S. Department of Health and Human Services Commentary, 54 Fed. Reg. 236 (1989).

Because the petitioner has been denied Social Security/SSI following a finding of no disability, I must conclude she is ineligible for MA.

**CONCLUSIONS OF LAW**

Petitioner is not disabled as that term is used for MA purposes pursuant to Wis. Stat. § 49.47(4).

**THEREFORE, it is ORDERED**

That the petition for review is dismissed.
