PRELIMINARY RECITALS

Pursuant to a petition filed December 17, 2014, under Wis. Admin. Code § DHS 10.55, to review a decision by the Milwaukee Cty Disability Services Division-DSD in regard to Medical Assistance, a hearing was held on February 18, 2015, at Milwaukee, Wisconsin.

The issue for determination is whether the petitioner is functionally eligible for the nursing home LOC in the FC program.

There appeared at that time and place the following persons:

FINDINGS OF FACT

1. Petitioner (CARES # [REDACTED]) is a resident of [REDACTED] County.
2. Petitioner applied for FC.

3. The agency conducted a functional screen in October 2014 that determined that petitioner needs assistance with at least two ADL's and at least one IADL.
4. The agency denied the application.
5. Petitioner appealed.

DISCUSSION

The Family Care program, which is supervised by the Department of Health Services, is designed to provide appropriate long-term care services for elderly or disabled adults. It is authorized in the Wisconsin Statutes, §46.286, and is described comprehensively in the Wisconsin Administrative Code, Chapter DHS 10.

Wis. Adm. Code, §DHS 10.33(2) provides that an FCP applicant must have a functional capacity level of comprehensive or intermediate; I note here that Wis. Stat., §46.286, uses the terms "nursing home" and "non-nursing home" levels just as the agency in this case. If the person meets the comprehensive (nursing home) level, she is eligible for full services through a care management organization (CMO), including Medical Assistance (MA). Wis. Adm. Code, §DHS 10.36(1)(a). If the person meets the intermediate (non-nursing home) level, he is eligible for full services only if he is in need of adult protective services, he is financially eligible for MA, or she is grandfathered as described in §DHS 10.33(3). Wis. Adm. Code, §DHS 10.36(1)(b). A person eligible under the non-nursing home level is eligible for less FCP services.

The Wisconsin Department of Health Services made efforts to improve the statewide efficacy of functional assessments by designing and implementing a computerized functional assessment screening system. This system relies upon a face-to-face interview with a trained quality assurance screener. The screener met with the petitioner as part of the reassessment process. In this case, the petitioner and screener agree as to the screener's findings of the petitioner's diagnoses and ADL and IADL needs. Current policy requires the Department's local agent/screener to then enter this data into the Department's functional screen computer program. See <http://dhs.wisconsin.gov/LTCare/FunctionalScreen/Index.htm>. The Level of Care (LOC) Functional Screen form and program reiterate the skeletal definitions from the federal Medicaid rules for Intermediate Nursing Care and institutional Developmental Disability facilities. When the petitioner's functional ability scores were entered into the DHS algorithm, the result was a DHS conclusion that the petitioner does not have care needs at the nursing home level. Thus, the petitioner was found to be ineligible going forward, consistent with the DHS-directed result.

However, the computer program infrequently yields a result that is not consistent with state code. Wis. Admin. Code § DHS 10.33(2)(c) describes comprehensive (a/k/a nursing home) functional capacity:

(2) DETERMINATION OF FUNCTIONAL ELIGIBILITY.

(a) Determination. Functional eligibility for the family care benefit shall be determined pursuant to s. 46.286 (1), Stats., and this chapter, ...

(c) Comprehensive functional capacity level. A person is functionally eligible at the comprehensive level if the person requires ongoing care, assistance or supervision from another person, as is evidenced by any of the following findings from application of the functional screening:

1. The person cannot safely or appropriately perform 3 or more activities of daily living.
2. The person cannot safely or appropriately perform 2 or more ADLs and one or more instrumental activities of daily living.
3. The person cannot safely or appropriately perform 5 or more IADLs.
4. The person cannot safely or appropriately perform one or more ADL and 3 or more IADLs and has cognitive impairment.

5. The person cannot safely or appropriately perform 4 or more IADLs and has cognitive impairment.

6. The person has a complicating condition that limits the person's ability to independently meet his or her needs as evidenced by meeting both of the following conditions:

a. The person requires frequent medical or social intervention to safely maintain an acceptable health or developmental status; or requires frequent changes in service due to intermittent or unpredictable changes in his or her condition; or requires a range of medical or social interventions due to a multiplicity of conditions.

b. The person has a developmental disability that requires specialized services; or has impaired cognition exhibited by memory deficits or disorientation to person, place or time; or has impaired decision making ability exhibited by wandering, physical abuse of self or others, self-neglect or resistance to needed care.

As evidenced by the October 2014 screen, the petitioner falls within the comprehensive functional capacity definition – he cannot safely/appropriately perform two ADL's and one IADL (item (c)2 above). Thus, per code, he meets the comprehensive/nursing home level of care. Therefore, although the screening personnel followed their DHS instructions correctly, the discontinuance of the petitioner's FCP eligibility due to failure to meet the level of care requirement was incorrect. This decision is in accord with prior decisions FCP-11/113325 (Wis. Div. of Hearings & Appeals October 26, 2010, ALJ Schneider)(DHS), FCP-44/115906 (Wis. Div. of Hearings & Appeals April 5, 2011, ALJ Schneider)(DHS), and Rehearing FCP/130316 (Wis. Div. of Hearings & Appeals September 29, 2011, ALJ O'Brien)(DHS).

CONCLUSIONS OF LAW

The Department determination regarding level of care is inconsistent with the Administrative Code criteria and petitioner qualifies for the nursing home level of care.

THEREFORE, it is

ORDERED

That the petition be remanded to the agency with instructions to designate petitioner as functional at the nursing home level of care and determine eligibility for FC in accord with the Conclusion of Law above, if he is otherwise eligible for the program. This action shall be taken within 10 days of the date of this Decision.

REQUEST FOR A REHEARING

You may request a rehearing if you think this decision is based on a serious mistake in the facts or the law or if you have found new evidence that would change the decision. Your request must be **received within 20 days after the date of this decision**. Late requests cannot be granted.

Send your request for rehearing in writing to the Division of Hearings and Appeals, 5005 University Avenue, Suite 201, Madison, WI 53705-5400 **and** to those identified in this decision as "PARTIES IN INTEREST." Your rehearing request must explain what mistake the Administrative Law Judge made and why it is important or you must describe your new evidence and explain why you did not have it at your first hearing. If your request does not explain these things, it will be denied.

The process for requesting a rehearing may be found at Wis. Stat. § 227.49. A copy of the statutes may be found online or at your local library or courthouse.

APPEAL TO COURT

You may also appeal this decision to Circuit Court in the county where you live. Appeals must be filed with the Court **and** served either personally or by certified mail on the Secretary of the Department of Health Services, 1 West Wilson Street, Room 651, Madison, Wisconsin 53703, **and** on those identified in this decision as "PARTIES IN INTEREST" **no more than 30 days after the date of this decision** or 30 days after a denial of a timely rehearing (if you request one).

The process for Circuit Court Appeals may be found at Wis. Stat. §§ 227.52 and 227.53. A copy of the statutes may be found online or at your local library or courthouse.
