PRELIMINARY RECITALS

Pursuant to a petition filed January 12, 2015, under Wis. Stat. § 48.57(3m)(f), and Wis. Admin. Code § DCF 58.08(2)(b), to review a decision by the Professional Services Group - PSG in regard to Kinship Care, a hearing was held on January 29, 2015, at Milwaukee, Wisconsin.

The issue for determination is whether the Kinship Care Program correctly discontinued the petitioner's Kinship Care benefits.

There appeared at that time and place the following persons:

FINDINGS OF FACT

1. Petitioner is a resident of Milwaukee County. She is the maternal aunt of four minor relatives, "AL" (age 10); "TL" (age 8); "CN" (age 15) and "DG" (age 12). All three have primarily resided with her since September of 2014, prior to that they resided with petitioner's mother. This is a voluntary placement situation.

2. The petitioner has provided all food, clothing, shelter, medical cares, parental cares, educational contacts, and all guidance to T.R., C.C. and V.G. since September, 2014.
3. The petitioner was receiving Kinship Care benefits for the care needs of AL, TL, CN, and DG and subject to annual re-certification of eligibility. See, Exhibit #2.
4. SF, the mother of AL, TL, CN, and DG, was interviewed by the respondent on September 25, 2014. She reported to the assessor that she does not have a criminal record or any alcohol or drug abuse problems. See, Exhibit #2. She has custody of a daughter, age 6. She receives W-2 benefits. She asserts that she is physically, mentally, emotionally, and financially unable to care for all of her children. She reports a history of 2 CPS referrals that were dismissed as unsubstantiated. *Id.*
5. SF telephones to talk with, or check on the status of, her children regularly. She visits the caregiver's home weekly and visits with her children.
6. The father of AL and TL and the father of CN have not maintained contact with their respective children. The identity of the father of DG is unknown.
7. Based upon the evidence in the hearing record, SF does not carry a known mental health diagnosis; and she is not currently treated for any mental health issues.
8. On January 7, 2015, the respondent issued a discontinuance letter to the petitioner informing her that Kinship Care benefits for AL, TL, CN, and DG was discontinued because the children do not meet any of the criteria to be considered a child or juvenile in need of protection or services, or likely to meet such criteria in the future. See, Exhibit #2.
9. On January 12, 2015, the petitioner filed an appeal with the Division of Hearings & Appeals contesting the discontinuation of Kinship Care benefits for AL, TL, CN, and DG.

DISCUSSION

The Kinship Care benefit is a public assistance payment of \$226 per month per child paid to a qualified relative who bears no legal responsibility to support the child. To be eligible for the payments thereunder, the relative must meet all of the conditions set forth in Wis. Stat. §§ 48.57(3m)(am)(1-5) or 48.57(3n)(am)(1-6).

For Kinship Care cases in which the relative is not a guardian appointed under Wis. Stat. § 48.977, the conditions listed in § 48.57(3m)(am) must be met. The pertinent "conditions specified in par. (am)" are as follows:

1. The kinship care relative applies to the county department or department for payments under this subsection and the county department or department determines that there *is a need for the child to be placed* with the kinship care relative **and** that the placement with the kinship care relative *is in the best interest of the child*.
2. The county department or department determines that the child meets one or more of the criteria specified in s.48.13 or 938.13 **or** that the child would be at risk of meeting one or more of those criteria if the child were to remain in his or her home.

(Emphasis added) *Id.*, (3m)(am)1, 2.

The Department of Children and Families has set forth a policy pertinent to these standards as follows:

As the relative who receives the Kinship Care payment has no legal obligation to support the children for whom she is caring, the Kinship Care statute mandates there be an established need for the relative to provide care for the children. In addition to being in

the best interests of the child, the agency must determine that the child would be at risk of abuse or neglect if returned to his or her natural parent.

DHS Policy Memo, *Vol. 2 of the Kinship Care Questions and Answers*, p.23, question 9, issued January 5, 1998. The abuse and neglect statutory sections referenced above – Wis. Stat. § 48.13 and Wis. Stat. § 938.13, both concern children in need of protection or services. To meet that standard, a child must be the victim of abuse or at substantial risk of becoming a victim of abuse. Or a child’s parent must refuse, neglect, or be unable (for reasons other than poverty) to provide necessary care, food, clothing, medical or dental care so as to seriously endanger the physical health of the child. Wis. Stat. § 48.13(3),(3m),(10).

In addition, Wis. Adm. Code, § DHS 58.10(1) describes the “need” for placement as follows:

- (a) The child needs the kinship living arrangement. The agency shall determine that the child needs the kinship living arrangement by determining at least one of the following:
1. The child’s need for adequate food, shelter and clothing can be better met with the relative than with the child's parent or parents.
 2. The child’s need to be free from physical, sexual or emotional injury, neglect or exploitation can be better met with the relative than with the child's parent or parents.
 3. The child’s need to develop physically, mentally and emotionally to his or her potential can be better met with the relative than with the child's parent or parents.
 4. The child’s need for a safe or permanent family can be better met with the relative than with the child’s parent or parents.

Even when the assessor finds that one of the four grounds cited above are met, there still must be evidence that there is a risk to the child cited in Wis. Stat. § 48.13 if the child were to live with a parent. Essentially that decision ties together the first two conditions cited in Wis. Stat. § 48.57(3m)(am) (i.e., “need” and “best interests”) *and* that the child be at risk of harm that could lead to a Child In Need of Protection or Services (CHPS) case.

Based on the testimony and documentation submitted, the preponderance of the evidence causes me to conclude several things. The need for the living arrangement is established under the four prong test for “need”, because petitioner provides a better home for the four children than SF could. In addition, it is apparent that the placement is the most beneficial in terms of stability, care, and long-term parental guidance, i.e., in their best interests.

However, this fact pattern does not present enough to justify the continuation of Kinship Care benefits for the children. SF has no known criminal or substantiated CPS issues, she currently has custody of her minor daughter, and she does not receive any treatment for any putative mental health concerns. I can only conclude on this record that there is no evidence that supports any conclusion that SF would place any of these children at significant risk of neglect for food, clothing, shelter or medical/dental cares. Rather, she has regular contact and takes an interest in the status of her children and her relationship with her extended family.

Therefore, I must ultimately conclude that the respondent correctly discontinued petitioner’s benefits for AL, TL, CN, and DG because these children do not meet any of the criteria to be considered a child or juvenile in need of protection or services; nor are they likely to meet such criteria in the future. Failing this last part of the eligibility test, even while passing the need and best interest thresholds, means petitioner is ineligible for Kinship Care benefits.

CONCLUSIONS OF LAW

That the Department correctly discontinued petitioner's Kinship Care benefits for AL, TL, CN, and DG.

NOW, THEREFORE, it is ORDERED

That the petition for review herein be, and the same hereby is, dismissed.
