**Subject:** 6 JAN 2016: Note to the Public Records Board

Dear Representatives of the Public Records Board,

My name is Jean-Luc Vanderheyden, from Dousman, WI. I am writing this Email to express to you my concern about the actions that would prevent and/or limit access to text messages, emails, Facebook posts and other electronic communications by public employees to public records. In my opinion, the public has the right to know what is being said and discussed about public money. I protest and reject secrecy in this matter and would not support continuation of the secretive process that was made last summer. Official representatives of the State have the obligation to the constituents in this regards, regardless of their political tendencies.

I hope that you will take this Email in consideration during your deliberations.

Sincerely,

**Jean-Luc Vanderheyden, Ph.D.**
