Subject: Access to Public Records

Board members:

I, as a taxpaying and voting citizen of the great state of Wisconsin, urge the Public Records Board to rescind its action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees.

Electronic correspondence, whether it's a 140 character tweet, a ten page email, a two word text or social media postings, are how the vast majority of us, including our public employees and legislators, communicate today. Information is passed, decisions are made and deals are sealed. Knowing that, as a taxpayer and voter, I believe I have the right to know what's going on in my state government through access to employee communications - all communications! Please keep our government open!

Sincerely,
Georgianne Liesch
Sheboygan Falls, WI
