Subject: Access to Public Records

Dear Public Records Board:

I am deeply concerned about your decision to limit access to public records. I think that decision needs to be rescinded. The Wisconsin Government is responsible to the people of the state. I believe we have the right to see what public employees are doing in carrying out the business of the state. If they are doing what they should do, there is no reason to hide from the public. If they are not doing their jobs properly, we should know about that.

Thank you.
