Subject: Back to open public records

The **Public Records Board** needs to rescind its action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees. Open government is the keynote to a healthy government (unless of course we are talking dictatorship, or absolute monarchy. Last I checked, Wisconsin was purported to be a democracy, so you need to do your part to keep it that way.

Thank you much. We are counting on you.
