To the Members of the Public Records Board:

The very name of your committee tells you what your responsibility is -- TO KEEP PUBLIC RECORDS PUBLIC!!

We taxpayers are disgusted by the shenanigans going on -- violating open meetings laws, hiding information about what the WEDC is up to (wasting taxpayer money with no accountability), enabling legislators to hide what they're up to.

Isn't your primary responsibility to keep public records public?  
Isn't it sad that we have to remind you of that.
