Dear Secretive Government,

I am horrified by your action rescinding our (the public)'s access to text messages, emails, Facebook posts, and other electronic communications by public employees. What do you want to hide?? This does not sound like a land of the free. It sounds like you will go to any lengths to dictate government to us.

I was so proud of our state's fine government but you have changed all that. I will be voting for, donating to, and campaigning for more honest leaders.
