**Subject:** Electronic Records

I wish to voice my opinion on the issue of limiting public access to text messages, email, Facebook posts and other electronic communications by public employees. I oppose any restriction to access to this information.

the public has the right to know what our government employees are doing. Government needs to be transparent. If public employees are doing their jobs they should have nothing to hide from the public. If they are not doing their jobs, they should be held accountable. If information can be withheld the public has no way of knowing what is going on. Please do not take away the public's right to access this information.

Gerald J Peissig
