Subject: Electronic records and communications should be open to the publi

Communications by public employees should be available for public scrutiny. This includes texts, emails and other electronic communication. Wisconsin proudly had a longstanding reputation for open and honest government. Help restore that reputation by rescinding the action taken last August. Taxpayers have a right to know how their tax dollars are spent, by whom and for whom. Policies that have an impact on this state, its citizens or the environment must be available so voters know how to cast ballots in election years.
