Subject: Electronic records

Dear Board Members,

Being a Wisconsin resident for over 40 years and a taxpayer from Dodge County I have concerns about the secrecy of our government. We the people must have an open and fair representative government for ALL the people! In our mass communication era we must have all forms of communication open to everyone in our society. Our politicians must face all the people they represent in an open and fair way. They shouldn't hide within the excuse to protect the few. Please think your final decision will impact our future.

Thank you,
Phillip Posard
