**To:** DOA Public Records Board Comments  
**Subject:** Electronic records

I am dismayed at the continued assault on open records here in Wisconsin. Government employees have no right to limit access to electronic records when it concerns the public's business and spending taxpayers' money. As citizens we have an interest in those communications and a right to see them.

This board has a responsibility to keep public records public and not provide a cover for politicians with something to hide.

Sincerely, Regina Grantz
