**To:** DOA Public Records Board Comments  
**Subject:** Electronic records

Dear Sirs,

Today so much of the people's business is conducted by our lawmakers electronically that curtailing the people's access to that communication is unacceptable. Such action allows bad actors to operate freely and diminishes the effect the public wishes have on legislation and on understanding the true character of our elected officials.

I cannot support any group or individual who would attempt to make Wisconsin's open government less so.

Best regards,

John T. Fried
