To the board:

Please include our voices in demanding a rejection of the plan to limit access to public records. This is an appalling attempt to limit our right to know how our elected officials operate. It is especially strange, when one considers the outcry of (especially Republican) lawmakers about Secretary Hillary Clinton's e-mails. Those e-mails are being released. Can we not hold our state officials to the same standard?

Stop this attack on our rights! Politicians represent ALL their constituents, not a select few, and certainly not their own reelection interests.
