Dear Public Records Board and GOP Officials,

It seems over the last several months the state GOP and the Public Records Board are in cahoots to pull the wool over the public's eyes. As you continuously try to erode the states open record laws it's becoming painfully obvious your attempts to do so are in effort to cover up government corruption. Perhaps the board and the state GOP are forgetting that you are public servants who are supposed to serve the states citizens. I can't think of any citizen, be they republican, democrat or independent who thinks that curtailing WI open records laws would be a good idea. The state GOP and the Open Records Board's actions have been deplorable and disgusting. Please, get your act together. Election season is coming up, and the people will remember. Shame on all of you.

A very concerned state citizen,

Alex M White
