Subject: Keep Electronic Records Public

Dear Wisconsin Public Records Board,

I strongly urge you to rescind the previous actions limiting access to electronic messages sent to and received from public employees. We must allow any and all “watchdogs” to see and hear what our state is doing. As an Independent who regularly votes in local, state, and national elections, I am very concerned about the current Legislature's repeated attempts at eroding public access to what our elected officials do, and with whom they do it.

Thank you for taking the time to consider my opinion.
