Subject: Keep public records public

Board members:

I am writing to let you know that all communication between public employees including our "esteemed" elected officials needs to be open to public scrutiny.

The moment elected officials had the freedom to do business via text message and Facebook, without the watchful eye of those who elected them, the floodgates opened. If you do not rescind this decision, soon all political machinations will be conducted through these channels.

As one of the thousands who put these people in office, I have just as much right to see what they are doing with their office and with monies taken from the public as do they. More, actually, since their "job" is to represent my interests.

Thank you,
Cheryl Staats
Milwaukee, WI
