Subject: Keeping Open Records Access in Wisconsin

Dear Members of the Public Records Board,

I write to you as a citizen of the State of Wisconsin who has grown increasingly outraged and truly saddened by the number of actions being taken to limit democracy in our state. I could write paragraphs but will limit this note to request that access to all records of public employees and elected officials, including electronic communications, remain part of what can be reviewed as part of the public record. I urge you to rescind your previous action to limit access to text messages, emails, Facebook posts and other electronic communications by public employees.

I appreciate your time and consideration,

Ann M. Melchior
Shorewood, WI
