**Subject:** Limiting Access to Public Records

We are very disgusted with the Republicans trying to sneak through a decision to limit our access to public records. You are supposed to be working for us and we are paying your salaries. We have a right to know what is going on in our state. What underhanded things are you pulling that you don't want the people of Wisconsin to know about? This action to limit access to public records needs to be rescinded. We are both disappointed in Scott Walker and so sorry that we ever voted for him! If this access remains limited, we will never ever consider voting Republican again.
