Subject: Limiting access to Public Records- Unacceptable

We are very unhappy with the boards decision to limit access to public records. It is only fair that the public know what information is being shared by our elected officials/public employees. This includes emails, text messages, Facebook posts and other electronic communications by public employees. The business our state officials engage in must be open to the public; making it private is unacceptable. Making it private invites poor ethics and deception to go unchecked. We are regular/active voters in our household. Our 2 children will now be voting in the upcoming elections as well. There will be consequences to those who try to hide/curb/keep private what is going on amongst our legislators/government/public employees. We will not vote for those who put these unacceptable practices into play.

*Out of concern,
Lisa, Kal, Kwin & Kenn Larson*
