Subject: Limiting access to electronic records

I urge you not to vote for any legislation that limits the public's access to information. You are elected to serve the people who voted for you and it seems that you are doing the opposite and serving yourselves. No one has been urging this change. All these ideas are born in Madison for the good of the legislators, not their electors. Wisconsin has always had a proud record of open government, please don't change that. The consequences will be felt in the next election.

Thank-you.
