Subject: OPEN Public Records

In appreciation of the FREEDOM to now view OPEN PUBLIC RECORDS, I would like to voice my opinion that the public record SHOULD REMAIN OPEN!

If people do not like their records to be open to the public (such as in criminal, legal or other court case records), then they should act according to the law, so as to not be ON the public record to begin with.

Also, records such as the County public records SHOULD REMAIN OPEN to the public as well. These are helpful in many scenarios to the people who reside within these Counties.

Often times, knowing information from the public record can provide a "safety net" for people and their families to avoid being victimized by some rather nasty individuals who prey upon upstanding and moral citizens.

At the State level, if you folks are not doing anything wrong, then you will not have to fear open records, right?!

KEEP OPEN RECORDS IN WISCONSIN!
