I'm writing to urge you to rescind your actions limiting public access to text messages, e-mails, Facebook posts and other electronic communications by public employees. Do not limit public access to any transitory records.

You are supposed to work for the people not government employees, or a political party.

The passage by the Board of these limitations was very questionable and seems suspect.

Please restore the public's trust and rescind this very bad policy. It is your responsibility to keep public records public.

We pay your salaries and we need to know all business that is conducted by our government.

Please stop working in secret to allow politicians any excuses to hide their agenda for us.
