Subject: Open Meetings Law/Public Record Law Changes

To: Public Record Board Members

I am asking you to please reconsider any changes you have proposed to the Public Records/Open Meeting laws. My mother always told me that when someone wants to keep something secret, it is because they have something to hide. I do not trust our Governor and his private agenda and want to be confident that EVERYTHING that is discussed, proposed and voted on has been completely and OPENLY presented to the voters of Wisconsin.

And you should be careful what you wish forShould you ram these changes through against the will of the people, remember that the same voters that put Republicans in office can replace them with Democrats—and then the shoe will be on the other foot when it comes to secrecy. I wonder what your song would be then.

The board has a responsibility to the PEOPLE of Wisconsin-not the Governor.

Thank you for your time.
