**Subject:** Open Public Records

Good morning to all my fellow Wisconsinites,

It is truly with a heavy heart that I find myself not trusting our State elected officials. I have always been a firm supporter of our government, no matter which party was in control.

After the State Legislature's attempts last July, to change our state's open records law, I now find myself starting to second guess whatever ruling comes out of Madison!

**Is that right? Is that what an elected official wants to hear?  
I have always believed that elected officials represented  
their constituents and their best interest!**

Please maintain our rights and complete accessibility to all Public Records and "rescind" your action to limit access to electronic communications!

In addition, please discontinue your efforts to quietly changing the definition of "transitory records" and not limit our access to Public Records, in any way!

A very concerned citizen,

Charles Lazarski,
