To the Public Records Board:

A definitive and loud "NO" to cloaking any correspondence that is created by people we, your constituents and taxpayers, put into office or who were put into a position of Public Service by an elected official.

Let's not forget that we are your bosses. We pay your wages and benefits. You serve US, not the other way around.

Whether this is a GOP-led initiative or a Democratic one, you will certainly see a major shift in public sentiment come election time if this sort of thing is allowed to pass.

Sincerely,
Gail N. Strumberger
