**To:** DOA Public Records Board Comments  
**Subject:** Open Records Law

Wisconsin has a strong history of open government. We elect men and women to work openly for the good of Wisconsin's people. The Open Records Law is an important reminder of this for any elected official and public employee. Written comments that deal with "the People's Business", no matter the form, must remain public to insure the health and well being of our state.

Electronic records belong to Wisconsin's citizens.
