Subject: Open Records Law

My name is Peggy-Lynn Reeves and I have been a life-long Wisconsin resident since I was born here in 1955. Wisconsin is no longer the state I remember. Since Scott Walker and his ilk have been in office, there has not been ONE SINGLE THING that I have agreed with in regard to the direction they are taking this once, fine, beautiful state.

Just to be clear, and to save you the time, I NEVER voted for Scott Walker or any of his cronies. I signed the petition to recall Scott Walker, so like Nazi Germany, I am on a list of people who will NEVER dare to apply for a job in Wisconsin State Government because I will be eliminated before my resume is even viewed. I know people that regularly look up colleagues and acquaintances to see if they are on the 'Recall Scott Walker' list.

By the way, my mother was born in Berlin, Germany in 1928, and she saw the Germany Hitler created up close and personal. Her father was killed when she was 12 years old and her school was sent out of Germany to avoid the bombing. Her Nazi-loving teachers abandoned the entire school in what is now the Czech Republic to fend on their own.

It is for this and many other reasons that I am incensed by what Scott Walker and his Republican cronies are doing to the state of Wisconsin.

Please, please, please do whatever you can to rescind the actions the Republicans in this State have to limit access to text messages, e-mails, Facebook posts and other electronic communications by public employees.

The Republicans LOVE to scream that President Obama is making the government less transparent – talk about the pot calling the kettle black. Here in Wisconsin, the Republicans keep telling us they want open government, and then do the exact opposite.
