**Subject:** Open Records Law

Your secretive decision last summer to limit access to public records was an appalling slap in the face of democracy in Wisconsin! The citizens of this state have the right to know how our tax dollars are being spent. Lawmakers, who are our employees, have no right to keep this information, in any form, from the citizenry. We demand that the government of this state remain open and transparent in each and every way. Nothing less is acceptable!

STOP working behind the scenes to protect politicians from full disclosure and accountability to the citizens of this state. You **MUST** rescind your actions to limit access to text messages, emails, Facebook posts, and any other electronic communications by public employees.

We stand for open records. We will hold accountable members of the Public Records Board and any legislators who work against complete and total transparency in the governmental affairs of the state of Wisconsin.

**WE VOTE!**
