To: DOA Public Records Board Comments
Subject: Open Records Rule Changes

To whom it may concern:

I am absolutely opposed to the recent change to the definition of "transitory records". This change goes against everything I believe in regards to openness in government and the public interest. The only people who benefit from this change are the special interests groups and entrenched politicians. I respectfully ask the Public Records Board to rescind this change and keep the time honored tradition of openness and transparency in Wisconsin public service.

Sincerely

Ross A Gulotta
