**To:** DOA Public Records Board Comments  
**Subject:** Open Records are vital for a free state

I stand for open government. Therefore, it is imperative that the Public Records Board stop all attempts to hide government records from the public. Changes that have been made at the expense of the public's access to communications by government employees, including yourself, must be rescinded.

As a taxpayer and citizen, I believe open records protect us all. Please rescind the changes your board has recently enacted.
