Public Records Board,

As a board designed to meet the needs of the citizens of Wisconsin, I respectfully request that you prioritize the needs of the citizenry to know how our elected and appointed officials operate, over the desire of many politicians to function in secrecy. In this vein, I request that you repeal the changes made to the definition of "transitory records." All communication directed to, from and between public officials, regardless of the medium, should be maintained and made available to the public upon request.

Thank you for taking this very serious matter under consideration. I hope decisions are made that meet the needs of the citizens and not the desires of our elected officials.

Sincerely,

Kenneth L Grizzle
