Subject: Open Records

It is not acceptable to have records not available to the public. We are the people that you represent and we demand open government. Don't hide information from us, your constituents. You have a responsibility to keep public records public. Makes us wonder what it is that legislators and the governor is doing that is so naughty it needs to be hidden from view.

Keep our open government open, so that we may be proud of you and not ashamed of you.

J. Witt
