**To:** DOA Public Records Board Comments  
**Subject:** Open records laws

To whom it may concern:

I am disappointed that your board attempted to restrict the public's access to public employees' email, text, Facebook and other electronic communications. I have a right to those communications and I demand that government records such as these remain public. It is your responsibility to keep these records public.

Please cease from working the politicians to obfuscate their actions from those of us who elect them to work on our behalf.

Regards,

Brent Halfwassen
