**To:** DOA Public Records Board Comments  
**Subject:** Open records

Dear Sirs,

All records including texts, e-mails on personal servers which conduct state business, face to face meetings and who is using the Govenor's Mansion, which my tax dollars pay for, need to be subject to open records law. Government needs to be open to the people it serves. Openness combats corruption.

Sincerely,  
Julie Witherell  
306 West Dean Avenue  
Monona, WI 53716
