I am writing to all of you as you all have a hand in this latest act to hide your goings on from the public:

To allow yourself to be a part of the illegal action to prevent the public to be allowed to access government (our government) actions and communications is unbelievable. When did you stop being public servants and become political stooges. This government is acting more and more like a dictatorship than representatives of the people they were elected to serve.

To hide behind the rule you set up in secret to protect the Republican governor and state senators and representatives shows that you have no ethics and are just pawns of those in higher positions (or do you have something to hide too?). I know that Walker, Vos, and Fitzgerald are as crooked as a mountain road, but are you in their class? If you have any personal integrity you will not allow this action to stay in effect.

You reinforce the old adage: How do you know when a Republican is lying. - His (or her) lips are moving.

What are you, the governor, and others in your party so afraid that the public is going to find out?

Would you have done the same for the telephone when it was invented?

You want to reinvigorate the democrats - JUST KEEP THIS SHIT UP.

Finally, where are the job bills? Haven't seen many bills dealing with jobs. Only power moves to take away local control, destroy our schools, finance donors, power moves to take control or more and more government duties, award your donors, etc. WHERE ARE THE JOBS WALKER PROMISED? 250,000 IN THE FIRST 4 YEARS? WHAT JOKE!
