Subject: Open records

I am very disturbed by the board's decision to limit public access to legislators' electronic records! The secretive vote that took place last summer goes against our right as voters to retrieve important information pertaining to texts and emails exchanged by our leaders. As an example, Gov. Walker's administration took advantage of this ruling several times this year!

If these policies continue, I am sure that I will not support any of our Republican representatives for the next election!
