**Subject:** Opposition to Limiting Access to Public Records

I strongly oppose the proposed move to limit access to public records in the form of electronic communications. Your motives in doing so are clear, i.e., the intent of your action is to curb the public's ability to better understand the conduct of our elected officials, and to know what our elected officials are doing with their money. I urge you to immediately rescind your action to limit access to electronic communications.

As a public agency, your responsibility is to the voters, not to the legislature!

Please rescind the current limitation on access to electronic communications!

Sincerely,

Dr. Kathryn C. Egan-Bruhy
