I'm writing to urge you to immediately rescind the action that you took at your August meeting that will prevent me, Ms. Public, from seeing "transitory" public records. I believe that it is your responsibility to keep all public records available to the public and not to work behind the scenes to give politicians excuses that they can hide behind. Wisconsinites deserve to have the open government that is part of our history - don't destroy it by allowing this deplorable action to take effect.

Thank you for your attention - please do the right thing!
