Subject: Please Rescind your secret decision to limit the public's access to text messages, emails, and other communications by public employees.

If you do not change your secret decision to restrict the public's access to communications by public employees, I promise that I will never vote for a Republican again in my life. Since when has the party of limited government become a group of power mad pols operating in secret as they grab more power from local governments and pass special legislation for corrupt business interests. I am thoroughly disgusted.
