Subject: Please keep Open Records for ALL records

Dear Members of the Public Records Board,

Please reinstate the rule that ALL RECORDS are subject to open records requests. Open government is good government, no matter what your political views or party affiliations.

To exempt any forms of communication, is not acceptable and will only lead to shady deals negotiated and accepted in the shadows. If it can't be negotiated in the sunlight, there is most likely something wrong with it!

Wisconsin has been long know for good, clean, open government. Please don't change that!

Truly,

Charles J. Karpfing
