Subject: Please keep our Government "open"

Hello,

I'm joining many others in asking to keep our government in Wisconsin open and accessible to the public. Please stop trying to sneak legislation through to alter the current policy. I believe there will be consequences and a strong backlash from voters over the shenanigans that the current power grabbing party in control has been abusing to force their agenda. I sent this from work, but have cc'd my home email as well for replies and/or future correspondence.

I can't wait until the upcoming elections (all of them) so I can vote against the corruption that seems to be running rampant.

Thank you,
